ICON GUIDE

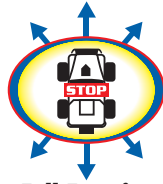

Digital Proportional Steering and Speed Control

Incremental steering for high performance road handling at high speeds

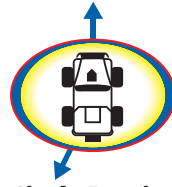

Full Function With Turbo

Forward with Turbo speed, reverse, left/right turn and stop

Full Function

Forward, reverse, left/right turn and stop

Single Function

Goes forward, turns left in reverse when trigger is released

6 Available Frequency Bands

Six interchangeable frequency band crystals available allowing up to six vehicles to race at the same time

Tri-Band

Each Frequency Allows Three Head-To-Head Racers At One Time
3 Racers X2 Frequencies (27MHz & 49 MHz) = 6 Racers

Pistol Grip Transmitter

For 1:10 scale transmitter with trim adjustments and adjustable for right and left handers

2 Channel Transmitter with Built-in Charger

For airplanes, operates up to a height of 120 feet and 240 feet range with built-in charging function

2 Channel Transmitter

For 1:10 scale Ferrari F1 with trim adjustments and radical design

2 Channel Transmitter

For 1:14 scale Pro Class transmitter with trim adjustments

2 Channel Transmitter

Forward/reverse and steering functions operate on two separate channels

Working Headlights

Real working headlights operate when car is in motion for night racing

Action Figure

Motorcycle rider shifts weight into turns

Chrome Engine Detail

Realistic high chrome engine detail under the hood

Wheelie Action

Car pops wheelies on take off

Includes 2 Hoods

1 transparent hood and 1 standard hood with muscle car graphics

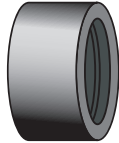

Collectible R/C

American muscle cars in limited production

Front Wheel Alignment

Adjustable left and right steering alignment for improved steering control

Drifting Tires

Comes with 4 extra drifting tires

Tires

Oversized road-gripping tread

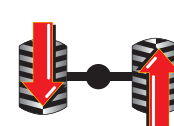

Mabuchi Motor

Motor geared for high performance and racing

Boats

Designed for pools, ponds, and small lakes

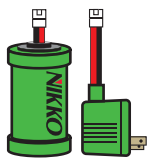

Differential Gear

For better traction

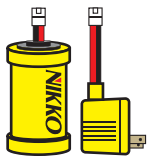

Impact Resistant Bumper

Enlarged bumper made of durable plastic to provide extra vehicle protection

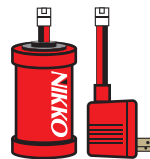

Mini 7.2V Battery Pack and Charger

Recharge your battery pack for extended play time

7.2V Battery Pack and Charger

Recharge your battery pack for extended play time

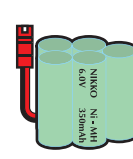

9.6V Battery Pack and Charger

Recharge your battery pack for extended play time

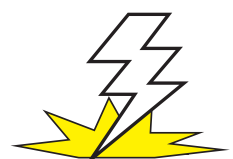

6.0V Battery Cassette and Charger

Recharge your battery cassette for extended play time

3.7V Airplane Battery Pack

Recharge your battery pack for extended air time

Airplane Field Charger

Recharge your battery pack in the field for extended play time
